Re: Friends of Byron Dorgan, Mid-year 2002 and Year-end 2000 reports.

Dear Ms. Reminsky:

We are amending the above-mentioned reports because the Committee incorrectly reported some election designations. In all cases the contributing committees reported their contributions correctly. In the Mid-year 2002 report, a contribution from WorldCom PAC was reported for the general election, when it should have been designated primary. Additionally, a contribution from FPL PAC was reported as primary, but should have been general. In the Year-end 2000 report, a contribution from Wal-Mart PAC was reported as primary, but was intended for the general 2004.

Thank you in advance.

Holly Giarraputo
Comptroller, Friends of Byron Dorgan
